NOTICE OF VIOLATION

Medtronic, Incorporated

License No. SNM-1156

As a result of the inspection conducted on November 24, 1981, and in accordance with the Interim Enforcement Policy, 45 FR 66754 (October 7, 1980), the following violation was identified:

10 CFR 20.203(f)(4) requires that each licensee shall, prior to disposal of an empty, uncontaminated container to unrestricted areas, remove or deface the radioactive material label.

Contrary to this requirement, you failed to remove or deface the radioactive material transport label on an empty, uncontaminated container before disposal from the receiving area.

This is a Severity Level V violation (Supplement IV).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each item of noncompliance:

(1) corrective action taken and the results achieved; (2) corrective action to be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Under the authority of Section 182 of the Atomic Energy Act of 1954, as amended, this response shall be submitted under oath or affirmation. Consideration may be given to extending your response time for good cause shown.
