Washington, DC 20555

Dear Sir:

I am a citizen of the Forest Grove Community and I am voicing my opposition to the Environmental Impact Statement submitted by LES. I have lived in this community for over twenty years and it means a great deal to me. In reading the environmental impact statement, the Forest Grove and Center Springs Community were totally left out. The environmental impact statement should have included what effect the enrichment plant would have on these communities. We are not transparent! If the plant is located there, we will have to live with the consequences everyday; therefore the two communities need to be included in any impact statement regarding the enrichment plant.

I am asking you to please review this impact statement with the communities safety and interests as a priority. We are citizens of the United States too and we deserve that chance to be recognized. Thank you in advance for your consideration.

Sincerely,

Julie Denise Willis,  
Concerned Citizen of the Community
