NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

January 11, 1994

Docket  
File

Docket Nos. 50-213, 50-245  
50-336, 50-423

Mr. John F. Opeka  
Executive Vice President, Nuclear  
Connecticut Yankee Atomic Power Company  
Northeast Nuclear Energy Company  
Post Office Box 270  
Hartford, Connecticut 06141-0270

Dear Mr. Opeka:

SUBJECT: PROPOSED SUPPLEMENT 1 TO GENERIC LETTER 89-04,  
"GUIDANCE ON DEVELOPING ACCEPTABLE INSERVICE TESTING PROGRAMS"

The staff has prepared a draft supplement for Generic Letter (GL) 89-04. When issued, this GL supplement will forward NUREG-1482, "Guidelines for Inservice Testing Programs at Nuclear Power Plants," which provides NRC recommendations for a number of generic issues concerning the implementation and development of inservice testing programs. The intent of NUREG-1482 is, in part, to provide the required "Commission approval" pursuant to 10 CFR 50.55a(f)(4)(iv) to allow for implementation of certain portions of ASME Code editions or addenda, incorporated in 10 CFR 50.55a(b) without further submittal of formal "relief requests." No new staff requirements are imposed. The remaining staff recommendations provide guidance on information that should be included in relief requests and provide specific details for those requests that have generic applications.

On December 16, 1993, the Commission issued a notice of opportunity for public comment in the Federal Register (58 FR 65738) for the proposed supplement. The staff is seeking comment from interested parties regarding both the technical and regulatory aspects of the proposed GL supplement and the current draft of NUREG-1482. The staff is particularly interested in comments regarding any methods in the NUREG that may be viewed as a backfit, along with recommendations for alternative methods.

A public meeting to discuss the proposed generic letter supplement and draft NUREG-1482 will be held on February 2, 1994, from 8:30 a.m. to 4:00 p.m. and on February 3, 1994, from 8:30 a.m. to 1:00 p.m.. The meeting will be conducted at the Holiday Inn (Versailles I Room), 8120 Wisconsin Avenue, Bethesda, MD 20814. The phone number for the hotel is (301) 652-2000.
