Subject: Docket No. 50-482: December, 1993, Monthly  
Operating Report

Gentlemen:

Attachment 1 is the December, 1993, Monthly Operating Report for Wolf Creek Generating Station. Attachment 2 is a revised page for the November, 1993, Monthly Operating Report. The revision corrects the gross thermal energy generated as a result of basing the calorimetric calculation on feed water flow measurement rather than steam flow after the power rerate in November, 1993. This submittal is being made in accordance with the requirements of Technical Specification 6.9.1.8.

Very truly yours,

Otto L. Maynard  
Vice President  
Plant Operations

OLM/jad
