ATTN: Mr. H. L. Abercrombie  
Plant Superintendent

Dear Mr. Abercrombie:

I would like to take this opportunity to thank you for the excellent interest and support provided by your operating and training staff during the recent visit of my Analysis & Technology training survey team. We were all very impressed by the high degree of professionalism and dedication evident in your personnel.

Of special note is the extensive support provided by Roy Goodman and other members of the Training Department. I am certain that their cooperation and efforts will prove to be instrumental in our study for the Nuclear Regulatory Commission on operator licensing requirements. Please extend our appreciation to your training staff for their assistance in our survey efforts.

Sincerely,

*Tom Davis*
