Dear Mr. Chernoff:

By letter of December 6, 1993, Frank Bosiljevac of your staff sent Revision 1, Review B, to the Remedial Action Inspection Plan (RAIP) for the Rifle, Colorado, Uranium Mill Tailings Remedial Action Project site, to this office for Nuclear Regulatory Commission review and concurrence. We find the changes to the RAIP satisfactory with one exception. In the fourth line of paragraph 6.1.8, page 6, "sand-cone density" should be "sand gradation." With this change, the NRC staff finds the revised RAIP satisfactory.

If you have any questions regarding our comments, please contact the NRC Project Manager, Allan Mullins, at 301-504-2578.

Sincerely,
