Dear Mr. Rocker:

On December 13, 1993, the U.S. Nuclear Regulatory Commission conducted a public meeting in Byesville, Ohio to solicit comments on the scope of an Environmental Impact Statement (EIS) to address the disposition of waste stored at Shieldalloy Metallurgical Corporation's facility near Byesville, Ohio. In the course of this meeting, a document entitled *Phase I Environmental Assessment Community Industrial Association, Hall Property City of Cambridge, Guernsey County, Ohio* was submitted to NRC staff for consideration in the EIS.

It is our understanding that a resident of Guernsey County was recently charged with the theft of this document. Consequently, we request your advice on whether or not this document may be considered in this EIS. All documents submitted and used in the development of this EIS will be incorporated into NRC's docket and made available for public inspection.

If you have any questions about this matter, please do not hesitate to contact me on (301) 504-2546.

Sincerely,
