Rare Earths, Inc.
c/o Davison Chemical Company
Division of W. R. Grace & Co.
Baltimore 3, Maryland

Attention: Mr. Richard M. Mandle
Vice-President

Gentlemen:

AEC Source Material License No. R-132, Revision No. 1 is enclosed.

Please note that the provision of your license which required the submission of reports to the AEC of inventories, processing and receipts and deliveries of raw and refined source material has been deleted. In lieu thereof your revised license requires that Rare Earths, Inc. maintain records of its inventories, receipts and transfers of raw and refined source material.

This letter constitutes your authorization to procure from the Commission, prior to the April 1, 1957 expiration date of your license, one hundred pounds of thorium bomb reduction Residues. For details regarding procurement of this material, you should communicate with Oak Ridge Operations Office, U. S. Atomic Energy Commission, P. O. Box E, Oak Ridge, Tennessee, Attn: Dr. E. M. Roth.
