JAN 25 1980

Mr. J. F. Hallay
EPRI
Nuclear Safety Analysis Center
3412 Hillview Avenue
P. O. Box 10412
Palo Alto, California 94303

Dear Mr. Hallay:

The purpose of this letter is to make it clear that we believe the need to address the area of simulators is urgent and of the highest priority. We hope that you could schedule ANS 3.5 such that a draft will be sufficiently along for us to request its release by April 15.

I hope you agree with the urgency we attach to this standard and will encourage the writing group to meet our schedule.

Sincerely,

Original signed by G. A. Arlotto
