Mr. Lyall Johnson  
Chief, Licensing Branch  
Division of Civilian Application  
U. S. Atomic Energy Commission  
Washington 25, D. C.

Subject: Source Material License  
No. R-132

Dear Mr. Johnson:

Under date of December 21, 1956 Mr. R. L. Stone, an officer of Rare Earths, Inc. formerly a wholly owned subsidiary of W. R. Grace & Co. and an affiliate of this company, wrote you telling of the liquidation of Rare Earths, Inc. and requesting that License No. R-132 be transferred to Davison.

This letter is being written to confirm in its entirety the information given to you by Mr. Stone in his letter and to reiterate his request that the transfer be made and that the particular license in question be issued to include the processing, in addition to monazite sand, of various other thorium containing source materials as listed.

Your cooperation in helping to effect this transfer promptly will be greatly appreciated.

Cordially yours,

*David P. Barrett*
