Att.: Mr. L. Rouse Room 308-B East-West Towers OF RECEIVED

DEC201973

REGENERAL REPORTS

Gentlemen:

I am attaching an application for renewal of our AEC Storage License, STA 422.

W. R. Grace & Company operated a monazite processing plant at Pompton Plains, New Jersey, under an AEC Source Material License, No. STA 422. The plant was closed and by amendment of our Source Material License on 23 April 1971, it was converted to a Storage Facility Only. This license expired on 28 February 1973, although a check for \$80.00 was sent to the AEC prior to 28 February for renewal of the license. Apparently we neglected to submit the proper Application for Renewal form along with the check. I am attaching a photo-copy of our check No. 12703 and your invoice No. L-2430-73.

I have been in touch with Mr. Ray Smith of the AEC Compliance Office in King of Prussia, Pa., who advised that we renew our license before attempting to have the facility released for unrestricted use. He has turned our Relicensing and Release of Facilities case over to Mr. McClintock of that office. Mr. Frank Davis of the Licensing Office has provided us with the "Guidelines for Decontamination--- and Release---".

We are most anxious to complete the decontamination and release of this facility promptly, as we have a buyer for the property if he can move in by 1 February 1974.

I realize that it will be difficult to complete the decontamination, survey, and inspection, and get all the paper work done by I February. Because of the urgency of completing this project, we have engaged Mr. Paul Klevin, a former AEC compliance inspector, as consultant, and we plan to contract out the decontamination job. We will keep in close touch with Mr. McClintock so as to lose no time between

completion of the decontamination and the compliance inspection. I am anxious to keep in close liaison also with your office to ensure that we do all our paper work correctly the first time around.

I presume the \$80.00 payment made in February will cover the cost of renewing our Source Material License with the April 1971 amendment, so we have not sent another check.

If the attached application is in any way unsatisfactory or incomplete, please call me at (301) 727-3900 Ext. 363 in Baltimore. I have kept a copy of the Application Form and will either provide the information required over the telephone or send in a corrected application.

Thank you for your attention to our problem.

Very truly yours,

3. L. molling
