Chief, Enrichment Center
Fuel Cycle Safety, ONMSS
U. S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Sir:

Claiborne Parish needs the uranium plant to be built here. We are looking forward to the many benefits that will come with the construction and operation of this facility in our area. It will provide jobs for many unemployed as well as promote other businesses.

I believe the Claiborne Enrichment Center can be built and operated safely and that it will be a strong contributor to our local economy. The only negative thing I can see is that it is taking too long to get the project underway.

Sincerely,
Keith Owens
