Dear Chief:

I am writing regarding the recently released Draft Environmental Impact Statement for the proposed Louisiana Energy Services plant. I am concerned that the social and economic impact on the neighboring communities of Forest Grove and Center Springs has not been fully researched, as evidenced by the fact that they are mentioned only once in the DEIS. These communities stand to be most heavily affected by this proposed plant and I urge you to take them into full consideration in the final Environmental Impact Statement.

Thank you for your consideration.

Sincerely,

Lisa M. Velarde
