Chief, Enrichment Center
Fuel Cycle Safety, ONMSS
U. S. Nuclear Regulatory Commission
Washington, DC 20555

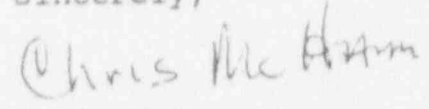

Dear Sir:

In April 1993 I toured Louisiana Power and Light's Waterford 3 nuclear plant as part of the educational activities sponsored by Louisiana Energy Services to familiarize residents with the commercial nuclear power industry.

I have had some previous work experience at nuclear facilities and was impressed by the attitude toward safety and the environment at Waterford.

I believe the Claiborne Enrichment Center can be built and operated safely and that it will be a strong contributor to our local economy.

Sincerely,

Chris McHam
