Attention: Mr. David P. Barrett, Sales Manager

Gentlemen:

This is in reference to your letter of April 11, 1960, in which you inform us that you have corrected, or will correct, those deficiencies in your source material program which we brought to your attention in our letter of March 14, 1960.

It is noted that in Item 6 of your letter, you state that you will make application by separate letter for approval to release source material to unrestricted areas in excess of the limits specified in Appendix B, Table II, of 10 CFR 20. We have no record of having received such application. Further, our review of your license renewal application of February 11, 1960, is pending receipt of further information concerning your mill operations as requested in our letter of March 14, 1960.

Very truly yours,
