Subject: **Facility License Nos. R-38 & R-67; Docket Nos. 50-89 & 50-163;
Notification of Termination of Senior Reactor Operators**

Gentlemen:

As a result of much reduced utilization of General Atomics' (GA's) TRIGA reactors, it has been necessary to reduce GA's TRIGA Reactor Facility's level of staffing. Accordingly, the purpose of this letter is to notify the Commission that GA has terminated the employment of seven (7) Senior Reactor Operators. The names of those who were terminated are listed, along with their respective license numbers, on Attachment 1 to this letter.

If you have any questions regarding this matter, please contact me at (619) 455-2823.

Very truly yours,
