Dear Sir:

Reference: (NUREG-1484) L.E.S. URANIUM ENRICHMENT PLANT

NRC allowed only 45 days for citizens to respond to the DE IS. The period will expire January 16, 1994. This does not allow time to receive the report, study it and then respond; particularly with the Christmas season coming during the 45 days. Therefore, I am requesting a 90 day extension to the response period.

I am hopeful this request will be considered.

Sincerely,
