Dear Mr. Johnson:

Rare Earths, Inc., in conjunction with its affiliate, Davison Chemical Co., is planning the submission of a proposal to purchase from the Atomic Energy Commission uranium-magnesium fluoride slag for recovery of the contained uranium. Several persons will attend the Classified Technical Meeting in St. Louis on December 6, 1956, to aid in the formulation of our proposal.

To assist in our preparation, a 50 lb. sample of the uranium-magnesium fluoride slag is required and we hereby apply for a license to receive same and instructions for obtaining the sample.

Thank you for your assistance.

Very truly yours,

Richard L. Stone
