Docket No. 70-25

Attention: Mr. R. G. Jones,
Vice President and Controller

Gentlemen:

This refers to the special inspection conducted by Mr. Hamada and Mr. Brock of this office on July 8, 1976 of activities authorized under NRC License No. SNM-21. It also refers to the discussion of the inspection findings with Dr. M. Remley and Mr. V. Schaubert.

The purpose of this inspection was to review your current procedures and practices for calibration and measurement of special nuclear materials in pre-filters and absolute filters. Chemical calibrations were also reviewed.

No item of noncompliance with NRC requirements was identified within the scope of this inspection.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of findings of your control and accounting procedures for safeguarding special nuclear materials are exempt from disclosure; therefore, the inspection report will not be placed in the Public Document Room and will receive limited distribution.

Sincerely,

V. N. Rizzolo, Chief
Safeguards Branch
