Gentlemen:

Amendment MPP-1 to License SNM-368 was revised September 18, 1981, to add a new License Condition 3.2. The revision was issued in response to your September 1, 1981 application for amendment. Accompanying your application was an amendment fee of \$3,500. The September 18 revision partially completed the amendment request, but in a telephone conversation with a member of your staff, the Licensing staff determined that since your scheduling has slipped for the fuel development project, the case should be closed.

In accordance with Footnotes 1(d) and 4 of Section 170.31 of 10 CFR 170, the expenditures required for review of the subject application are \$646. Therefore, we have notified the NRC Division of Accounting and Finance to refund \$2,854 to your Company.

Sincerely,

Signed, G. James Holloway, Jr.
