RE: SHIELDALLOY METALLURGICAL
GUERNSEY COUNTY
DERR CORRESPONDENCE

Mr. Chad Glenn, Project Manager
Regulatory Issues Branch Section
Office of Nuclear Materials Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Chad,

At your request I have scheduled a conference room in Ohio EPA's Central Office located on 1800 Watermark Drive, Columbus, Ohio for the November 22, 1993 meeting between representatives of the Nuclear Regulatory Commission (NRC), Army Corps of Engineers (ACE), Ohio Department of Health (ODH), Ohio Environmental Protection Agency (OEPA), and possibly the United States Protection Agency (USEPA). The meeting is scheduled for 1:00 PM EST in conference room 1B. The purpose of the meeting is to discuss regulatory and environmental issues relating to the Shieldalloy Metallurgical site in Cambridge, Ohio. Items to discuss relate to decommissioning of the slag/waste piles, filling of wetlands by slag, impact on wetlands and other surface water bodies from erosion of sediment from the west slag pile and from leachate emanating from the slag piles, interim and permanent measures that can be implemented to protect human health and environment and issues relating to regulatory authority and jurisdiction.

Please find attached an agenda for the meeting. Should you have any questions regarding the agenda or the site, please call me at 614-385-8501.

Sincerely,

David Hunt
Site Coordinator
Division of Emergency and Remedial Response
