

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

MEMORANDUM FOR: File
FROM: Contract Specialist
SUBJECT: RFP NO. RS-NRR-80-117, DISCUSSIONS

Subject discussions were conducted on February 25, 1980, between representatives of the Source Evaluation Board (SEB) and Analysis & Technology, Inc. (A&T). The following individuals participated:

SEB

Joseph J. Buzy, Chairman (NRR:DPM)
Paul F. Collins, Member (NRR:DPM)
Phillip F. McKee, Member (IE)
William B. Menczer, Advisor (ADM:DC)

A&T

Thomas J. Mazour, Principal Analyst
Larry T. Davis, Project Manager
Gary P. Bennett, Executive Vice President
Charles M. Henderson, Principal Analyst
Thomas J. Will, Group Manager

The questions listed in the attachment to DC letter dated 2/19/80, were discussed in detail, following a general presentation made by A&T concerning their background and capabilities.

A&T's cost proposal was reviewed in terms of labor hours and travel costs proposed.

A&T was informed that DC would mail a letter no later than 2/27/80, providing the due date and time for their revised proposal.

Th SEB has completed its discussions under the subject solicitation and based on its meeting following A&T's presentation, will meet on 3/19/80 at 1:00 p.m. in P-358 to discuss the results of the evaluations of the revised proposals and to make a contractor selection.
