RE: INITIAL FREEDOM OF INFORMATION ACT REQUEST

Dear Mr. Felton:

Under the provisions of the Freedom of Information Act, 5 U.S.C., section 552, as amended, I hereby request that the Nuclear Regulatory Commission make available the following information:

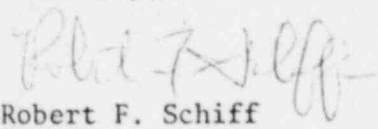

Any and all records relating to a license held by New York Shipbuilding Corporation, Camden, NJ, in the early 1960's. I am particularly interested in radiation exposure reports that may have been filed by the company.

I have spoken to Ms. Liz Fisher of the Materials Licensing Branch. Ms. Fisher has already located the file on the company in which I am interested. She advised me that I would have to request copies of the documents contained in the file under the FOIA.

If any portion of the materials responsive to this request is withheld, please provide a formal explanation of such action as required by the FOIA. Please call me when your response is ready so that I may send a messenger to pick it up. I understand that I am responsible for any research or photocopying costs incurred by your staff in the processing of this request.

Thank you for your assistance.

Sincerely,

Robert F. Schiff
