Gentlemen:

Enclosed is a typed copy of the minutes taken during our meeting on March 1, 1982. As noted in the meeting minutes your Mr. Neumann agreed to provide restoration and stabilization information for the Nine Mile Operation. He also agreed to submit baseline data for the three acid patterns as well as a regional aquifer evaluation to support your request to discontinue restoration at these patterns. As agreed in a subsequent telephone conversation between Mr. Neumann and K. Kalman on March 15, 1982, RMEC will submit the above mentioned information to the NRC by April 15, 1982. Should there be any questions regarding this matter, please contact either me or Mr. Kalman at (301) 427-4117.

Sincerely,
