Dr. R.D. Smith, Chief,
Low-Level Waste Licensing Branch,
Division of Waste Management,
Nuclear Regulatory Commission,
Washington, D.C. 20555
U.S.A.

Dear Dr. Smith:

Thank you very much for your consideration in sending a draft copy of your position paper "Site Suitability and Site Characterization".

I am sure that our people who are actively involved in our disposal program will find it interesting, and will welcome your invitation for further contact with you or David Siefken.

Thank you again for thinking of us,

Yours sincerely,

DHC:sa
