(2) Letter from R. F. Burnett to D. W. Zeff

Gentlemen:

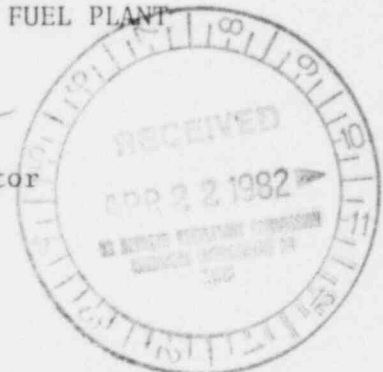

The Babcock & Wilcox Company, Commercial Nuclear Fuel Plant requests permission to use its own license paper format in preparing the DIQ submittal. This would allow us to handle copy distribution and revision through our document control system. A section of the submittal could be dedicated to each DIQ question and would include all charts and figures that pertained to that question. A sample of our license paper format is attached to this letter.

If there are any questions, please feel free to contact me at (804) 522-5966.

Sincerely,

BABCOCK & WILCOX COMPANY
COMMERCIAL NUCLEAR FUEL PLANT
