SUMMARY OF REVISION IN GSEP - Revision 3

Note: All Pages are recorded as Revision 3; however, only these specific pages have significant content changes.

Page 1-1

Revise reference to 10CFR50.34 to the more correct 50.47.

Page 4-15

All Tables are renumbered - Rev. 2 was in error.

Page 4-19

Health Physics Director to be part of Nearsite EOF organization rather than at CCC. A staff is added to support the Environmental/Emergency Coordinator.

Page 4-23

Table 4.3-5 for Environmental/Emergency Coordinator is revised to include Directing an Environmental Staff and to delete responsibility for radiation protection at the EOF.

Page 4-26

Table 4.3-8 for Waste Systems Radiation Control Manager is revised to include directing a staff of Radwaste System Personnel.

Page 4-29

Table 4.3-11 - Add INPO as possible response resource to CCC Director.

Page 4-34

Table 4.3-17 - Indicate that Health Physics Director function will be carried out at the EOF, when EOF is activated.

Page 4-39

Table 4.3-23 - Indicates ERP Director will function from the Tech Center.

Page 4-45

Revised to reflect new name of Federal Organization.

Page 5-9

Table 5.0-5 - Redefine a General Emergency EAL such that containment activity, by itself, is not an initiating condition.

Page 6-6

Table 6.1-1 - Refer to a Voluntary Assistance Agreement for Transportation Accident response.

Page 6-15

Provide new information in Section 6.3.2 on Notification of the Public.

Page 6-16

Renumbered sections to conform to plan. "(Also refer to Sections 4.7, 4.8 and 4.9 of this plan)".

Page 6-17

Table 6.3-1 - This is a more specific & comprehensive table to provide guidelines for recommending protective actions for gaseous release.

Page 6-20 & 4-9

Section 6.4-1 - Revised to give more lenience regarding evacuating onsite personnel.

Page 7-6

Added section 7.2.5 to reflect installation of NAWAS at Zion Station and SPSO.

Page 7-7

Figure 7.2-1 - Revise NARS codes for latest configuration. Added notation indicating location of NAWAS telephones.

Page 7-10

Figure 7.2-4 - Add NRC extensions to Nearsite EOF.

Page 7-11

Updated footnote regarding ODCS.

Page 7-12

Revise to correct information on the C-Model.

Page 7-16

Table 7.7-1 - Revise to clarify procedures in F.

Page 8-5

Revised to include monthly communication test to the NRC.

Page 8-6

Revised to include an annual Assembly and Accountability drill and Operator's Response drill.

Page 8-7

Item 5) Delete word "ALL".

Page 9-6

Revise the reference to 10CFR50.34 to more correct 50.47.

Page 9-8

Add PCB fluid leaks as another reportable incident.

Page 9-12

Add references 30 and 31.
