Omaha, Nebraska 68102

Gentlemen:

This refers to your letter of August 4, 1982, (serial LIC-82-274) which requested the installation of HPN and ENS telephones in the permanent Technical Support Center (TSC). Your letter further requested that these two telephones be installed by September 7, 1982, so that they could be used in the Fort Calhoun Station 1982 emergency exercise.

We have forwarded your request to our Telecommunications Branch in Washington, D.C., for action. They informed us that the requested telephones will be installed, but it will take at least 60 days to complete the installation.

This confirms my telephone conversation with you on August 18, 1982.

Sincerely,

"Original signed by
W. C. SEIDLE"
