Attention: J. W. Parker, Director
Quality Assurance and Compliance

Gentlemen:

This letter refers to the routine safeguards inspection of your activities authorized under NRC License No. SNM-696 conducted by Mr. A. D. McQueen of this office on August 10-12, 1982. It also refers to the discussions of our inspection findings held by the inspector with you and members of your staff on August 12, 1982.

The inspection included examination of activities related to physical protection against radiological sabotage and against theft of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 73, "Physical Protection of Plants and Materials," your Security Plan, and license conditions pertaining to physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility personnel, and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of the findings of your safeguards and security measures are exempt from public disclosure; therefore, the enclosed inspection report will not be placed in the Public Document Room.
