Regulatory Commission
Washington, DC 20555

Dear Sir:

The Draft Environmental Impact Statement produced by the Nuclear Regulatory Commission on the proposed Louisiana Energy Services plant was released for public review on November 19, 1993. This document fails to consider the plant's social and economic impact on the communities of Forest Grove and Center Springs.

These communities, which are located within one-half mile of the plant site, are never indicated in any of the DEIS's thirty-eight maps or diagrams. The DEIS is incomplete and the final Environmental Impact Statement on LES must consider all the social and economic impacts on the two communities.

Please inform me of the actions you take regarding this matter. Thank you for your time and consideration.

Sincerely,

Dagmar Smith
