License No. 24-04206-01
License No. 24-17450-01

Gentlemen:

This refers to the routine safety inspection conducted by Dr. W. J. Adam and Mr. C. T. Oberg of this office on May 3-7, 1982, of activities authorized by NRC Byproduct Material Licenses No. 24-04206-01 and No. 24-17450-01 and to the discussion of our findings with you, Mr. D. W. Soldan and members of your staff at the Maryland Heights, MO, location on May 5, 1982, and Mr. J. L. Brown, Mr. D. W. Soldan and members of the staff at the Hazelwood, MO, location on May 6, 1982.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

In addition to the above areas, the inspectors examined actions described in your letter dated October 21, 1980, regarding apparent items of noncompliance found during our September 8-11, 1980, inspection of License No. 24-04206-01. We have no further questions regarding these matters.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractors) believe to be exempt from disclosure under

JUN 22 1982

10 CFR 9.5(a)(4), it is necessary that you (a) notify this office by telephone within ten (10) days from the date of this letter of your intention to file a request for withholding; and (b) submit within twenty-five (25) days from the date of this letter a written application to this office to withhold such information. If your receipt of this letter has been delayed such that less than seven (7) days are available for your review, please notify this office promptly so that a new due date may be established. Consistent with Section 2.790(b)(1), any such application must be accompanied by an affidavit executed by the owner of the information which identifies the document or part sought to be withheld, and which contains a full statement of the reasons which are the bases for the claim that the information should be withheld from public disclosure. This section further requires the statement to address with specificity the considerations listed in 10 CFR 2.790(b)(4). The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified periods noted above, a copy of this letter and the enclosed inspection report will be placed in the Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

D. G. Wiedeman, Acting Chief
Materials Radiation Protection
