Dear Sir:

Per a telecon on August 19, 1982, with Marie Mojta of your staff, Vermont Yankee is requesting an extension in responding to certain items identified as Appendices A and B of the subject Emergency Preparedness Appraisal Report. The additional time is necessary to allow for adequate in-house review of our responses to these items. It is anticipated that we will submit the requested information by September 7, 1982.

We trust that our request is acceptable; however, should you have any questions, please contact us.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
