Dear Ms. Colkitt:

This responds to your letter dated January 24, 1994, requesting that the NRC issue a list of violations with regard to an incident in November 1992 at Indiana Regional Cancer Center and subsequent inspections at the Exton and Mahoning Valley facilities. We appreciate your concerns. The NRC is continuing to review information relevant to the November 1992 incident in order to determine what enforcement action, in addition to the Order Suspending License (Effective Immediately), dated January 20, 1993, will be taken. While we hope to resolve this matter soon, for your information there is a five year statute of limitations for civil penalties applicable by virtue of 28 U.S.C 2462.

If you have any questions regarding this matter, please contact Ms. Patricia A. Santiago, Assistant Director for Materials at (301) 504-3055.

Sincerely,

*James Lieberman*
