Dear Ms. Colkitt:

SUBJECT: RADIATION ONCOLOGY CENTER AT MARLTON

This responds to your letter dated January 25, 1994, requesting that the NRC resolve the enforcement issues as soon as possible related to an NRC inspection conducted at the Marlton facility on February 2 and 4, 1993 (mistakenly identified as 1992 in your letter). We appreciate your concern. The NRC is continuing to review the information relevant to Marlton in order to determine what enforcement action will be taken. While we hope to resolve the matter soon, for your information there is a five year statute of limitations for civil penalties applicable by virtue of 28 U.S.C. 2462.

If you have any questions regarding this matter, please contact Ms. Patricia A. Santiago, Assistant Director for Materials at (301) 504-3055.

Sincerely,

James Lieberman
