SUBJECT: DIAMOND ENGINEERING & TESTING, INC.
QUALITY ASSURANCE PROGRAM APPROVAL NO. 0704

The Quality Assurance (QA) Program for Diamond Engineering & Testing, Inc., (Approval No. 0704) was terminated on January 21, 1994. This was done following extensive interaction with the licensee beginning in October 1993. Since you may have to determine the applicability of the FY 1993 annual fee, we listed below the chronology of events that have occurred.

- 10/07/93 R. Diamond, President, Diamond Engineering & Testing, Inc., discussed QA Program and fee status with J. Jankovich and M. Messier on the telephone. J. Jankovich instructed R. Diamond to send in a letter requesting QA Program termination.
- 10/08/93 R. Diamond faxed an undated letter to J. Jankovich requesting termination of the QA Program (Enclosure 1).
- 10/13/93 T. Matula called R. Diamond and requested a dated copy of the letter faxed on 10/08/93.
- 10/13/93 R. Diamond faxed a copy of the letter faxed on 10/08/93, but dated 09/15/93 (Enclosure 2).
- 10/25/93 We received the original undated letter, faxed to J. Jankovich on 10/08/93, in the mail (Enclosure 3).
- 10/26/93 We discussed this case with M. Messier and agreed to send the original letter dated 09/15/93, and its postmarked envelope, to License Fee and Debt Collection Branch upon receipt.
- 12/10/93 We checked the docket file and found that the letter dated 09/15/93 was not received.
- 12/10/93 T. Matula called R. Diamond to check on the status of the original dated letter. R. Diamond said he mailed it to NRC on 10/13/93. He also said that he would mail another copy immediately.

- 01/12/94 We checked the docket file again and found that the letter dated 09/15/93 still was not received.
- 01/13/94 We terminated QA Program Approval No. 0704 based on the faxed copy of the letter dated 09/15/93 (Enclosure 4).
- 01/31/94 We received the original letter dated 09/15/93 in the mail. The original letter is enclosed along with its envelope, post marked 01/17/94 (Enclosure 5). We sent a copy of this letter and its envelope to the docket file.

The technical evaluation of this case was completed on 01/13/94 resulting in the termination of QA Program Approval No. 0704. The applicability of the FY 1993 annual fee should be addressed by your organization. Please let us know if additional technical information is needed.
