Re: Claiborne Enrichment Center
Draft Environmental Support Statement

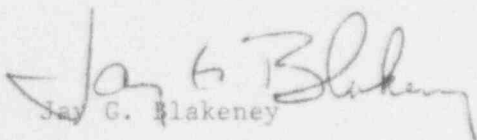

Dear Sir:

Please accept this letter of support for the Claiborne Enrichment Center planned for Claiborne Parish. As an employee of Louisiana Power & Light, I have been involved in economic developement in Claiborne Parish for a number of years. I feel this plant will provide quality jobs for the residents of Claiborne Parish, enhance many existing businesses and possibly create new businesses. Also, the plant will provide significant tax dollars to Claiborne Parish which will be available to provide public services.

I feel everyone involved in the construction and operation of the plant is committed to safety. By this I mean operating the plant as safely as possible for employees of the plant and the public.

Also, I feel the owners of the plant will be good corporate citizens of Claiborne and surrounding parishes.

Sincerely,

Jay G. Blakeney
