Division of Fuel Cycle Safety and Safeguards  
Office of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Re: Copyright Release

Dear Mr. Gaskin:

The Nuclear Regulatory Commission ("NRC") has requested permission under the copyright laws and/or other laws to reproduce and distribute the COLUMBIUM-TANTALUM PLANT CHARACTERIZATION PLAN; MALLINCKRODT, INC.; ST. LOUIS, MISSOURI PLANT, to NRC personnel for review and to any government docket file or document reading room for public dissemination. Mallinckrodt Specialty Chemicals Company, acting on its own behalf and on behalf of its related company, Mallinckrodt, Inc., hereby grants such permission to the NRC.

Very truly yours,

By: Jake A. Larimer
