WAH CHANG SMELTING AND REFINING COMPANY
FACILITIES LOCATED AT ALBANY, OREGON AND
FAIRLAWN, NEW JERSEY

LICENSE NO. SMB-135 (DOCKET 40-943)

LR:CGW

We note from Item 20 of the report of an inspection conducted in August, 1961, at subject company's Glen Cove, New York facility, that the company may be processing source material without a valid AEC license at its Oregon and New Jersey plants.

According to the report cover memo, the Hanford Compliance area was notified of the possibility that source material is being processed by the Company at the Albany, Oregon plant.

We suggest that this matter be investigated at your earliest convenience.
