Dayton, OH 45435

License No. 34-11912-03

Dear Dr. Austin:

This is to confirm the telephone conversation between you and Mr. S. R. Lasuk, of this office, on August 23, 1982, during which you agreed to inform the WSU Radiation Safety Committee that Region III requests a written response to the following questions:

1. Does the Committee consider Mr. Matt O'Connell's training adequate for the work he has been doing with isotopes since July 5, 1982?
2. If any individual is working with isotopes in an Authorized User's laboratory, but the individual is not designated as an Individual User, what is his category (status) and how does the Committee verify his training?

The above information is needed in order to adequately evaluate the findings of the special inspection conducted by Mr. Lasuk at the Hipple Laboratory and Wright State University last week.

Thank you for your assistance in this matter.

Sincerely,

D. J. Sreniawski, Chief
Materials Radiation Protection
Section 2
