HORIZONS INCORPORATED

PRINCETON, NEW JERSEY

February 20, 1956

Mr. Nicholas Doulous
United States Atomic Energy Commission
Division of Civilian Application
Licensing Controls Branch (Source Materials)
Washington 25, D. C.

Dear Nick:

As I told you, Horizons Incorporated soon hopes to be transferring, receiving, delivering, processing and using uranium or thorium source materials.

I believe you stated that we could secure one Source Materials License which would cover all of the foregoing activities. In making out the application on form AEC-2, we have attempted to apply for such a broad license. As required, two copies of said form are enclosed. If you need any additional information please do not hesitate to get in touch with me.

With best regards to the old Madison Square Area gang, now in Washington,

Sincerely yours,

HORIZONS INCORPORATED

Murray
