Chief, Materials Section

Reference: Docket No. 40-1389, CAL:ND
Source Materials License C-3790

Gentlemen:

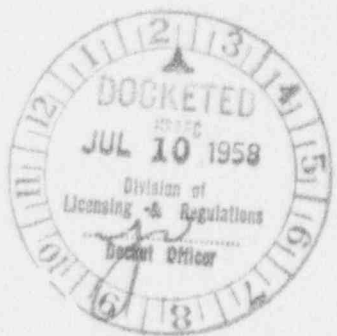

We note that our Source Materials License C-3790 expires on August 1, 1958. Since our research, development and processing studies of uranium will continue, we respectfully request that the license be extended for an additional 12-month period.

Please advise if any additional information or documentation is required.

Very truly yours,

A. D. Schwoppe
Director of Mechanical Research
