REPLY TO
ATTN OF EP-323

SUBJECT Inclusion of Properties in the Vicinity of the Former Vitro Plant, Salt Lake City, Utah

TO Shelby T. Brewer
Assistant Secretary for
Nuclear Energy (NE-1)

As you are aware, we are evaluating the level of contamination of properties in the vicinity of the Vitro Plant in Salt Lake City, Utah. For the purpose of planning remedial action activities, we are attempting to include properties for remedial action at the earliest possible date. Accordingly, under the provisions of Section 102(e)(2) of the Uranium Mill Tailings Radiation Control Act of 1978 (Public Law 95-604), I am referring to you for remedial action two additional properties located in the vicinity of the designated processing site in Salt Lake City, Utah. These properties (listed in Attachment 1) contain residual radioactive material derived from the processing site, and increase to 26 the number of properties in the vicinity of the site that have been designated for remedial action. I am also attaching copies of property owners' consent forms and descriptions (Attachment 2) which help identify the radiological anomalies on each property. We will provide your office with a detailed radiological assessment of these properties in the near future.

As additional properties are identified, surveyed, and evaluated, you will be promptly notified of our findings.

Barton R. Howe
William A. Vaughan (Roe)
Assistant Secretary
Environmental Protection, Safety,
and Emergency Preparedness

WITNESSETH THAT

WHEREAS, it has been determined by the U.S. Department of Energy (hereinafter referred to as "DOE") that small quantities of low level residual radioactive materials derived from the former Salt Lake City (Vitro) Mill Site exist on certain portions of my property located in Salt Lake City, Utah described as follows: _____

WHEREAS, The Uranium Mill Tailings Radiation Control Act of 1978 (Public Law 95-604) (hereinafter called the Act) enacted November 8, 1978, authorizes the Secretary of Energy to enter into Agreement with the State of Utah (hereinafter referred to as "State") to undertake the removal or stabilization of residual radioactive material (hereinafter called the "remedial action") at the inactive mill tailings site and vicinity properties designated as "processing sites" by the Secretary.

WHEREAS, The Secretary on November 8, 1979 designated the Salt Lake City Vitro Mill as a processing site under the Act;

NOW THEREFORE, in consideration of the above,

33000041060E

I hereby grant DOE and the State or their designees:

1. The right to include my property as part of the designated processing site in Salt Lake City, Utah, for the purpose of making my property a candidate for remedial action pursuant to the Act.
2. The right to enter on my property for the purpose of conducting radiological surveys as determined necessary by the DOE and the State.
3. The right to disclose as a consequence of designation my property to the general public in the form of Federal Register notices and releases.

I understand that the inclusion of my property as part of the designated Salt Lake City (Vitro) processing site means only that my property is a candidate for remedial action pursuant to the Act. No remedial action will be undertaken on my property except pursuant to a Remedial Action Agreement to be entered into by me and the DOE and the State at a later date.
