Gentlemen:

We have reviewed your letter of April 6, 1982 and the enclosure relative to upgrade construction of your facility. We have determined that both the schedule for completion of major construction, installation, and modification and the interim physical protection measures to be provided after June 28, 1982 are acceptable. You are advised, however, that this acceptance does not imply that interim measures may be substituted for the commitments of the approved plan on a permanent basis.

Sincerely,

Original Signed By:
