MAY 20 1982

Gentlemen:

This is in response to your letter dated April 5, 1982 which transmitted changes to your Fundamental Nuclear Material Control Plan related to your replacement incinerator.

We have determined that approving these changes will not adversely affect the common defense and security nor the public health and safety and is otherwise in the public interest. Therefore, we are hereby revising License Condition 2.1 of Safeguards Amendment MPP-3 to License No. SNM-1097, effective immediately, to read as follows:

2.1 The licensee shall follow the Fundamental Nuclear Material Control Plan specified on pages xix through xxiv dated December 7, 1981 (except pages 3-16 through 3-22 and pages 7-7 through 7-17); as specified on page xxvi dated July 6, 1981 (which contains descriptions of acceptable alternative safeguards systems for meeting regulatory requirements); as amended by pages dated August 7, 1981, January 25, 1982, and March 18, 1982; and as revised in accordance with the provisions of 10 CFR 70.32(c).
