Dear Mr. Sinclair:

By letter dated June 28, 1982 you informed the NRC that interim use of the Shift Technical Advisor (STA) as Fire Brigade Team Leader might necessarily extend beyond the July 1, 1982 date approved in the NRC letter dated July 21, 1981. Your ability to revise the duties of the STA relates to the hot license examination results, and the number of candidates passing the examination.

We understand that the hot license examination results have now been communicated to you. Based on these results, please propose your plans for staffing the position of fire brigade team leader.

Sincerely,

Domenic B. Vassallo, Chief
Operating Reactors Branch #2
Division of Licensing
