Gentlemen:

SUBJECT: RESPONSE TO LETTER REGARDING NRC INVESTIGATION

This is in response to your letter dated January 7, 1994, to me assuring your continued cooperation and assistance with the NRC investigation and requesting a recorded transcript of all future inquiries and statements of your employees.

With regard to your comments on the conduct of the inspection of December 7 and 8, 1993, we are following up on those comments with the technical staff.

With regard to your comments on the conduct of the investigation you should be aware that, within the NRC, the Office of Investigations (OI) is responsible for the conduct of all NRC investigations. The Director of the OI Field Office located at the NRC Region II address is Mr. James Y. Vorse. I have taken the liberty of providing Mr. Vorse with a copy of your letter to me dated January 7, 1994, since most of the information it includes relates to the conduct of the investigation. Therefore, should you wish to further pursue your request for recorded transcripts or any other comments with regard to the NRC investigation, I suggest you correspond directly with Mr. Vorse. He may be contacted at (404) 331-6502.

Sincerely,
