Dear Dr. Wogman:

I have reviewed your monthly report for the Edgemont Cleanup Action Program (B-2217) for June, 1982, and have the following comments:

1. Your property status summary on pages 1 and 2 was very helpful. Please include an updated summary in all future monthly reports with an explanation for any changes in total residence units or vacant properties as was done in the June report. Also include a breakdown of types of surveys in the residence units surveyed by the State as was done in the May report.
2. You are authorized to obtain the additional RPISU units from EPA and to contract EPA to refurbish the units. It is expected that the cost of refurbishment will be around \$400 for each of the 50 units needed as explained in your report. This cost should be included within present funding levels and no change to costs for contracted service is authorized.

All other aspects of your June, 1982 report were adequate. The actions taken by this letter are considered to be within the scope of the current contract (B-2217). No changes to costs or final delivery of contracted products is authorized. Please notify me immediately if you
