ATTN: Frank A. Valente, Ph.D.
Director, Nuclear Facility
School of Science and Engineering
Seattle, Washington 98122

Gentlemen:

Enclosed is Materials License No. SNM-589 as renewed. The license contains additional conditions which were discussed and agreed upon between Dr. Valente and B. Kosla of my staff on August 5, 1982.

The license is renewed for a full 5-year term, expiring August 31, 1987. A copy of our Safety Evaluation Report, prepared to support this renewal action, is enclosed for your information.

If you have any questions regarding this licensing action, please do not hesitate to call.
