RR: Invoice #AM07288-93

Dear Madam,

Consolidated Engineering Laboratories requests reconsideration of the above referenced invoice fees. Reconsideration request is based on the following reasons: 1.) Initial license was acquired for one reciprocity project during FY 10/92 - 9/93. It was not explained to us at this time that this license was self-renewing on an annual basis. Had we been made aware of this we would have limited this license to FY 10/92 - 9/93. 2.) We have not performed any work on federal property since 8/93 and have no plans to perform future work. 3.) This fee would create an extreme undue and unplanned financial burden on my department.

To avoid this problem next year, please rescind our license immediately.

Thank you for your time and effort regarding this matter. Feel free to call me at (510) 436-7626 if you have any questions.

Respectfully submitted,

THOMAS E. DICKSON
