Docket No. 50-155 OLA
(Spent Fuel Pool
Modification)

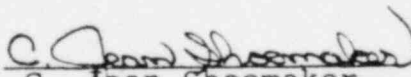

ORDER

August 31, 1982

On August 6, 1982, the Licensing Board issued a partial initial decision in this spent fuel pool license amendment proceeding resolving several emergency planning issues in the case. Other issues remain to be decided by the Board. Although the Board's order may be appealed pursuant to 10 CFR §2.762, no party has filed exceptions. Therefore, absent an appeal, we see no necessity at this time to conduct our customary sua sponte review of the Licensing Board's order. Rather, we shall defer our review until the Board issues its initial decision.

It is so ORDERED.
